

Ethiopia - Change in procedures for the transmission of Post-Placement reports for children adopted from Ethiopia into Ireland

The Adoption Authority has been made aware that due to the introduction of the General Data Protection Regulation (GDPR), the Department of Foreign Affairs and Trade has made changes to its requirements in respect of the handling of adoption Post-Placement Reports.

The new requirements will see the routing of all Post-Placement Reports for Ethiopia going through their Development Cooperation Division for onward transmission to the Embassy of Ireland in Ethiopia.

Therefore, reports for onward transmission should be addressed to:

Ethiopia Desk Officer
Development Cooperation Division
Department of Foreign Affairs & Trade
13-15 Lower Hatch St.,
Dublin 2.

Reports will be sent by that officer via diplomatic mail to Ethiopia where the Irish Embassy staff will continue to send the reports to the Ministry of Women & Children Affairs in Addis Ababa.

Date of Notice: 10/9/2018
